April 8, 2005

Jerry Ledbetter, Director  
Operations and Engineering Department  
City of Knoxville  
P.O. Box 1631  
Knoxville, TN 37901-1631

Dear Mr. Ledbetter:

The Wesley Neighbors Community Association voted unanimously on April 4, 2005, to pursue traffic calming under the City of Knoxville's 10-step process announced by Mayor Bill Haslam in February 2005 and explained to our members at this meeting.

Therefore, this association hereby requests the Engineering Department to proceed with developing a traffic-calming plan for this neighborhood under that plan. Please instruct your traffic engineers to contact me as soon as possible to begin this process for our community.

Sincerely,

Bill Stack, President

CC: Bill Haslam, Knoxville Mayor  
Barbara Pelot, Knoxville City Council District 2  
Joe Bailey, Knoxville City Council at Large
